💡 Strategic Takeaways for Evaluators

- **Current Testing Cost:** DehatiAI currently runs at **under Rs. 700 per month** during testing and evaluation.
- **Mid-Scale Cost (500 Farmers/Day):** Costs only **Rs. 47,400 per month** (approx 4.7 Lakh PKR per year) to serve 500 active farmers daily.
- **Large Production (5,000 Farmers/Day):** Total infrastructure costs **Rs. 331,100 per month** (~39.7 Lakh PKR per year).
- **Optimization Potential:** Migrating routine text queries to Google Gemini 2.0 Flash reduces monthly AI spend from Rs. 312,750 down to just **Rs. 11,675 / month!**
